

“Our Role In The Battle”

Excerpted From Day 1

21 Days of Prayer to Overcome Strongholds

By Jim Maxim

Biblical stronghold -- is an area of a person’s life that functions contrary to God’s Word—where Satan holds a person in bondage, and they cannot ever seem to break free.

Biblical intercession -- is the action of a person who regularly (daily, or even several times a day) goes to God in prayer for themselves or a loved one, continually praying and believing, without reservation, that almighty God can and will break the stronghold that Satan has over them or the person for whom they are interceding.

So, as we face spiritual battles and seek to overcome the strongholds in life ... we must never forget! The victory is not in our own flesh—it is in the power of God within us!

God has equipped us with powerful weapons for the battle. We’re going to exercise our authority in Jesus. We will fight by praising God and spending time in His presence, by humbling ourselves in intercessory prayer before His throne, by standing on God’s Word in faith, and by taking up the supernatural weapons of our warfare. The Holy Spirit inside us will give us the power and strength that we need to overcome the enemy of our soul.

Intercession, breaking strongholds, going after the lost and the brokenhearted—it’s all God’s plan in the first place. Knowing God and knowing that it is God at work in you with His power and His plan enables you to have the victory over demonic strongholds and to destroy them over you or your loved ones.

Let’s ... ask Him to use us through the power of the Holy Spirit in this spiritual war—to teach us how to fight for ourselves, our loved ones, and our friends!
